

This is true 6 3 06

Pre Chorus:

I find myself questioning is the word of God really true
I know that every single word you speak Lord is true
I can not seem to get away from what I know is true
I stray and I stumble on the lies of this world

Chorus:

This much is true I want to live sold out to you my Lord
No matter what happens in my life I will profess your word to be true
One thing I know is that you died for my sins
This is true how can it be that you loved me so much

Verse 1:

There are many times I have wanted to give up
But you didn't let me because what you say is true
The words in the Bible are always true
But I know you are really the only thing that remains true

Verse 2:

Is it true that you love me the way you do
Because the love you have shown is like no other
The expression of your love is so pure and true
I cannot comprehend this kind of sacrifice
